SUBJ: RCAG AND BUEC COMMUNICATION COVERAGE CHARTS

1. PURPOSE. This order provides information concerning the dissemination of the Western Region RCAG and BUEC Communication Coverage Charts.
2. DISTRIBUTION. This order is distributed to branches and above in Airway Facilities and Air Traffic Divisions; to the Airports, Flight Standards, and Management Systems Divisions; to the Planning Staff; to all Airway Facilities Sectors; to the Air Traffic ARTCC's located at Los Angeles (Palmdale) and Oakland (Fremont); and informational copies to adjacent Regions and Washington. The distribution of the RCAG and BUEC Communication Coverage Charts will be made under separate cover to locations listed in Appendix 1.
3. UTILIZATION.
 - a. These Communication Coverage Charts will provide a visual presentation to aid in analysis of the line-of-sight coverage for RCAG and BUEC facilities located in the Western Region. For your convenience, an acetate overlay scale is enclosed in the back cover pocket.
 - b. The initial distribution of this publication is limited; however, if additional copies are required, they may be obtained from the Engineering Branch, AWE-430. Comments, suggestions and amendments should be forwarded to AWE-437 for publication updating.

W. R. FREHSE
Chief, Airway Facilities Division

Distribution: RAF/AT-3; RAS/FS/PL/MS-2;
FAF-2/3 (4 copies); FAT-1 (6 copies);
ZAF-2

Initiated By: AWE-430
